Course Description

Master the SAT Math: Secure Your 800 with Elite 1-on-1 Mentorship (Kru Jom / Kru Nay / Kru Jack)

Maximize your quantitative score and secure your admission into top-tier international university programs with our SAT Math Intensive course. This elite, private 1-on-1 live online program on jointedu.net is meticulously adapted to the latest examination formats. Led by our premier mathematics specialists Kru Jom, Kru Nay, and Kru Jack, this course bridges foundational gaps and sharpens advanced problem-solving skills under timed conditions.

Key Highlights:

Top-Tier Math Specialists: Each student will learn live with a dedicated mathematics expert. While our tutors fully conduct their own comprehensive courses, parents enjoy the ultimate flexibility to specifically request module sharing or select the tutor that best fits the students learning style.

Desmos Calculator & Shortcuts Mastery: We decode the exam interface. Students will master advanced hacks for the built-in Desmos graphing calculator, learning how to solve complex functions, systems of equations, and statistical problems in seconds without manual errors.

Strategic Vocabulary & Word Problems Drill: Eliminate the language barrier. Our curriculum trains students to rapidly analyze long English word problems, isolate critical variables, and translate descriptive texts into precise mathematical formulas instantly.

Included: Personalized Study Plan | Past Paper Practice | Mock Exams | Expert Tutors | Progress Tracking
